Iowa  
a place to grow

June 18, 1971

### THIS WEEK--June 23, 1971

Roosevelt Hotel---Ron Gonder, WMT Sports Director telling it like it is --- football and the new coaching staff at the University of Iowa, basketball prospects for the 1971-1972 season .....

### LAST WEEK

Dr. Barbara Thomas, Statistical Consultant at the University of Iowa----- and a member of the Linn-Mar School Board-----gave us the inside story of the operation of the Board. She implied that the failings so obvious in this Board appear to be common to most of the policy-making and monitoring bodies of this type. The boards turn the responsibilities and monitoring duties over to the employees. The result is an operation which is responsive to the desires of the school administrative staff, teachers and operating personnel, but does not necessarily do the best job possible teaching the youngsters and serving the sponsoring community. A new, more costly way of doing something is not necessarily a better way of doing it!

Professor Jack Whitmer of Iowa State University, who appeared before the Downtown KIWANIS on June 2, statistically called our attention to the root of the problem. Not enough of us are interested, concerned and involved. The percentage of the voters who actually vote in a school election----- should make all of us hang our heads with shame.

Dr. Thomas emphatically made the same point. The parents of the children, and the other tax-paying members of the community, seem to ignore the whole operation. If the elected School Board doesn't shoulder its responsibilities, someone must to keep the schools in operation. The administrators thus logically assume the responsibilities and, as Dr. Thomas explains it----- "the power of the employees just grows and grows and grows." A strong person such as Dr. Thomas can buck the system and bring things into the open. As one check, he pleads for a detailed budget, not just a listing of large round numbers off the top of some administrator's head! School District members should get involved to the point of helping compile the budget, review the composite and check the total against the funds which will be available during the period covered. Let's get with it. This isn't the first time we have been told we are shirking our duties, but Dr. Thomas came on strong, using Linn-Mar as an example of how not to do it!

For an exact statement-----prepared and as presented by Dr. Thomas at our last Wednesday's meeting-----see page 29 of Thursday evening's CR Gazette (June 17)!
