place to grow

### THIS WEEK---September 22, 1971

Roosevelt Hotel--Mr. Larry Bradshaw, Kennedy High School, telling us of the Hindu country of Nepal, Asia. Mr. Bradshaw and his wife spent some time in this never, never land of the Himalaya Mountains with its limited access to the outside world. According to a news item in today's Des Moines Register, the people of Nepal are currently holding their annual religious festival - sacrificing 10,000 goats and sheep which they obtained from Communist China in trade for 16½ tons of chili, rice, and wheat flour. This is Mt. Everest country. The area of Nepal is about the same as Iowa---but it has three times as many people.

### SPEAK NOW OR---

Bob Birr asks that you carefully check the address and telephone number on your pink attendance card next Wednesday. The printer is about to run a several month's supply of sheets for the BULLETIN so now is our opportunity to up-date the mailing list.

### ORIENTATION

President-Elect Ed Colton asks that Committee Chairmen and Vice Chairmen appointed for the year beginning October 1, 1971, attend an orientation meeting at the AAA Motor Club offices, 517-4th Ave. S.E., 7:30 P.M., Tuesday evening, September 21.

### LAST WEEK

Even if State Representative Richard Radl doesn't like to be compared with H. R. Gross, I have the impression that he has the Gross knack for asking embarrassing questions. That is, embarrassing to those who should justify their actions to the taxpayers. For example, Mr. Radl stepped to the podium last Wednesday with a roll of papers which would, without question, choke that proverbial hog. Ya know what they were? Copies of travel requests from state employees to attend meetings and conferences in places as far away as Honolulu! Mr. Radl has been doing a bit of checking! And he has the strange notion that when an expert is hired at a substantial salary to fill a position, that the state shouldn't have to immediately send the "expert" to some exotic place to train him to handle the duties of his new position! I can understand why Dick Radl may not be very popular with some of the state department heads---but from a taxpayer's standpoint, I like his attitude.

I'm sure that Rep. Radl's comment that the Department of Public Instruction's prime goal in life appears to be "to formulate policies that make it more difficult for the teachers", is partly in jest. But he did point out that the department has 840 full-time and 90 part-time employees--and he can't see where there is a requirement for over half that many. We have all known guys like Radl. Always on the offensive and keeping the other fellow rocking on his heels. A good fellow to have on your side, but a mean opponent!

Dick Radl is critical of Iowa's "chaotic educational system" and feels strongly that changes must be made to improve the quality and reduce the cost. Possibly some of you were aware that College Community School is installing an automated teaching system built by Westinghouse. The system will include computer-controlled "teaching machines" to teach languages, science, history and mathematics. Rep. Radl envisions this as one method to improve the quality and reduce the overall cost of instruction, and still take into consideration the differences in the capabilities and capacities of the students. "If you don't get it the first time, we'll run it by you again-----and again-----or possibly in a different form, until you get the idea. Apparently a Cedar Rapids educator recently said that the Cedar Rapids school system is operated just like a business. That really ruffled Radl's fur! He feels that statement couldn't be farther from the truth. No business could survive operated in the manner of the school system. And he knows whereof he speaks. Rep. Radl owns and operates The Illini Molded Plastics Company in Lisbon, and obviously has made it his business to find out how some of Iowa schools are operated!
